

FLYING COLORS INSTRUCTIONS

1. Divide up into teams of 4-6 solvers (see count-off chart below).
2. Distribute a puzzle packet to each group.
3. Together or solo, solve each of the six puzzles.
4. Each puzzle will yield a clue to the meta solution. Together, these clues will point to a famous location.
5. Cheat sheets are available for Law of the Land, United Nations, Connecting Flights, and Flag Code. An alternative version of Flag Code is also available for those who are having difficulty reading the symbols.
6. When a team solves the meta puzzle, they should immediately adopt a look of smug satisfaction.
