

BIOPIC

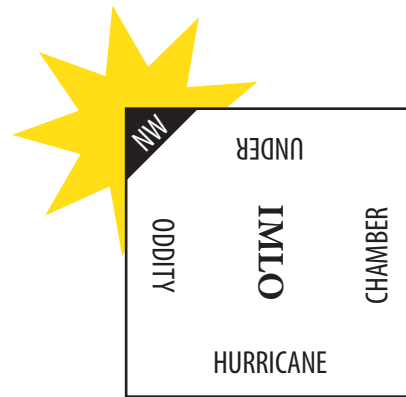

DO NOT peel apart the tiles! There's nothing inside, that's just the way they're assembled.

Arrange the 42 tiles in a grid so their edges connect in meaningful ways.

Some connections will share similar traits with neighboring connections, so pay attention to the surrounding tiles.

The specially marked anchor tile sits in the upper left (northwest) corner of the grid.

When the grid is complete, the tiles will spell out a quote from a well-known celebrity.

Then, flip each tile over from left to right to reveal its dotted side, and the author of the quote. Always flip from left to right, never top to bottom.
